

Good Morning Innovation Tech Families,

As we approach the Thanksgiving holiday, I want to express the gratitude I have for our staff, students and families. Thank you to our teachers for inspiring our students and helping them achieve their individual academic and career goals. Thank you to our students who engage in the work and bring positive light to our campus. Thank you to our families who support our positive and productive campus climate. I am so grateful for all of you and wish you joy and peace this holiday season.

A reminder there is no school Thursday, Nov. 23rd - Friday, Nov. 24th for the Thanksgiving break. Please check your Parentvue for 2nd quarter progress grades, they will be posted today. We will have four weeks left of the semester when we return. Please encourage your student to take advantage of conference period every Tuesday to make up work or receive extra support from their teacher. Please also encourage your student to attend after school tutoring from 3:15-4:15 Mondays, Tuesdays, and Thursdays.

Your feedback is important to us! Thank you for taking the time to provide us feedback through our family engagement survey. Please click on the link below to access the survey:
