

Good Afternoon Innovation Tech Families,

Below are a few reminders of upcoming events on our campus.

Tomorrow on our campus from 10am-2pm is JTED's program showcase. Students will be showcasing the skills learned in the different JTED classes. This is a great opportunity to come and explore the programs to help your student choose the elective or pathway they want to take next year.

Monday, January 27th is the day to pre-enroll for the evening JTED programs. If your student has signed up with our counselors to pre-enroll for an evening program, they will be called out of their sixth period class. Pre-enrollment begins at 3pm. If your student is pre-enrolling, they may leave campus a little after the last bell at 3:16pm.

Wednesday, January 29th is a Professional Learning day for teachers - no school on this day.

Students will be enrolling for their daytime classes for next school year the week of February 3rd during their math class. Next week your student will come home with information about the courses they can choose. Please look over the information with your student so you know which courses they are selecting.

Please complete your online registration through ParentVUE for the 25-26 school year. This ensures your student will be scheduled for classes for next school year.

Please email or call with any questions.

Have a great weekend!
