

Good Afternoon Innovation Tech Families.

Good Afternoon Innovation Tech Families. I hope you are having a great week so far. Thank you for supporting your students during testing season. We are proud to say that we exceeded the 95% participation rate for all grade levels. Our school letter grade is impacted both by participation rate and how students perform on the test. We can't wait to receive the results. Graduation and the last day of school are 24 school days away.

Fourth Quarter Progress Grades will be posted next week. Please encourage your student to attend school each day and stay on top of their work. After-school tutoring is available Mondays, Tuesdays, and Thursdays, from 3:20-4:20 pm. We want all of our students to finish the semester strong.

Online Registration for the 25-26 School Year can be completed through ParentVUE. Completing this ensures your student will be scheduled for classes for next school year.

Please see the dates below regarding upcoming school events.
