

Good Afternoon Innovation Tech Families.

I hope you are enjoying your summer so far and staying as cool as possible. I want to remind you of a fantastic opportunity for our incoming Freshman students. We will be hosting a week of **Jump Start for Freshman July 19-23 from 8am -12pm**. The week will be geared towards preparing students for the upcoming school year. The focus will be on school routines and procedures, creating a positive learning community, skills needed to be a successful ITHS student, and learning the opportunities available at ITHS. Students who attend all five days will receive a .25 general elective credit. If you are interested in sending your student to Freshman Jump Start, please click on the link below to register.

[Registration Form for Jump Start](#)

In our *FREE* JUMP START program your student will:

- *PARTICIPATE* in team building, project-based learning & more
- *EXPERIENCE* positive school engagement
- *BUILD* relationships between teachers, students, & families
- *TAKE* school tours to acclimate to routines & procedures
- *LEARN* about special programs & clubs

Free BREAKFAST and LUNCH will be available.

We look forward to having your student join us for Jump Start.

Please email or call with any questions.

Have a great afternoon!
